CIRCULAR TO PARENTS OF STD 1

20.04.2022

Dear Parents,

Greetings and warm wishes.

We take great pleasure in introducing the “Water Play Sessions” for STD 1 students in the baby pool inside the school campus.

Benefits of Water Play.

1. Develop Motor skills

Water Play gives many opportunities to develop fine and gross motor skills Children will increase their fine motor skills and hand-eye coordination through actions like pouring, squirting, scrubbing, stirring and squeezing.

2. Problem-solving skills

Water play allows children to explore and make new discoveries about their surroundings.

Observing a paper float or sink will teach them, in a very practical way, how and why things happen. But above all, it encourages them to use their imagination, develops creative thinking which plays an important role in problem-solving.

3. Language development

Imagine, the number of new words they will learn while having fun with water and having conversations about it! splash, damp, depth, Drain, Flow, drenched, drizzle, tap, etc...

4. Social-emotional growth

Water play releases energy, it can be both relaxing and calming for young children.

It increases their ability to concentrate on one activity and repetitive activity like scooping, pouring and running their hands through the water allows them to unwind their thoughts and refresh.

It also encourages role play and crucial social skills like cooperation and sharing.

What an easy way to work on school readiness!

### Safety Measures we take

1. Class wise Time slots are allotted for water play sessions.
2. Trained Staff along with Class teacher and sub- staff will be there during the sessions.
3. Children will be allowed to play only in small groups.
4. Safety life jackets will be provided by school during the time of water play.
5. All required safety protocol, including the level of water in the baby pool will be adhered strictly during the sessions
6. In case of any medical issues the children will not be permitted for water play.
7. A written request, or request by mail should be sent to the class teacher in case the child would not be attending the water play session.

### Date and Time slots

CLASS /SEC	DATE	TIME
1 A	Sunday 24 April 2022	8: 45 TO 9:45 AM
1 B	Monday 25 April 2022	8: 45 TO 9:45 AM
1 C	Tuesday 26 April 2022	8: 45 TO 9:45 AM
1 D	Wednesday 27 April 2022	8: 45 TO 9:45 AM
1 E	Wednesday 27 April 2022	10:10 to 11: 40 AM
1 F	Thursday 28 April 2022	8: 45 TO 9:45 AM
